Press Release

PRESCOTT VISION CENTER EXPANDS INTO PRESCOTT VALLEY

Prescott Valley, AZ, January 2, 2014: Prescott Vision & Eye Surgery Center has expanded into Prescott Valley with a new office and services beyond eye care.

The new office, at 3223 N. Windsong Drive, is conveniently situated in a medical complex across from Yavapai Regional Medical Center's East Campus. The Prescott Valley location joins the office and surgery center in Prescott and the office in Chino Valley to serve patients nearer to home in their own communities.

Prescott Vision & Eye Surgery Center has been caring for the vision of area residents at each stage of life for more than 30 years under the direction of Dr. John Markham and Dr. Scott Markham. The physician team grew in March 2013 by adding Dr. Craig Kuntz in pre-operative and post-operative management of laser refractive and cataract surgery.

With this latest Prescott Valley expansion, the center also introduces an allergy specialty with onsite testing for more than 60 allergies. Care giver Amy Jones, Bachelor of Science in Nursing (BSN), enhances the practice with facial rejuvenation services employing muscle relaxants (Botox) and fillers.

For more information about the new Prescott Valley office, visit www.visionprescott.com .

Appointments or discussions with caring staff at that location can be arranged at 928-775-6121.
